

Springfield Civic Association

2010 First SCA Meeting

Tuesday, January 19, at Crestwood Elementary School

Attendees took a tour down memory lane at this meeting at Crestwood Elementary School. **Robyn Carter**, local **historian**, shared her personal collection of photographs, advertisements, and other memorabilia related to the development of our community. Her photographs, drawings, plans, and ads from the 50's and 60's, as well as information on the Crestwood Construction Corp. and Edward Carr's Real Estate Development, were showcased. Ms. Carter spoke about how the community was developed and why it is of historical significance to the Washington Metropolitan area. Her enthusiasm and in-depth knowledge about Springfield were impressive.

ReBuild of Springfield sponsored the evening and provided refreshments. Mr. **Paul Hughes** represented the company at the meeting and answered questions and shared information. Rebuild's Web site is <http://www.rebuildwarehouse.org>. Please visit the Web site for more information and to learn about this innovative business in our community.

Ms. Carter's one of many historical displays.

Mr. Hughes's Display.

Y. Riggs' Special Notes: Ms. Lee Paulson, SCA's newsletter producer, was kind and able enough to cover my unexpected inability to attend the meeting and produced the excellent photos shown above. Narrative of the meeting was copied and modified from Ms. Tawny Hammond's e-mail invitation to the meeting.
